SEED OF THE FIRE, VIRGINIA WARNER BRODINE;
Review by David Conley

Although I had some trouble getting into the story in the beginning, then it became very interesting. The book tells the story of the Griffen family, who came from Ireland to face the conditions endured by the immigrant Irish canal laborers and their families on the Ohio frontier of the 1820s. Dan and Mary Griffen struggle to overcome the brutal working and weather conditions, harsh and manipulative bosses, and terrible disease. Mary labors to serve food to the workers, their children – two boys and a girl are subject to all the disease and troubles. They pay a stipend each month to the person who sponsored their trip to America. Dan later became a foreman on the job. He was able to purchase farmland at an auction near Zanesville. There are many other characters in the story, all showing the desire the immigrants had to succeed and keep their families together. This book is an enjoyable read and
